

HOW HE CURED BLOOD POISON

I didn't find out I had contracted Contagious Blood Poison until it had made considerable headway. I had heard a great deal of the value of S.S.S. as a blood medicine, in fact had a friend who had cured himself of the same disease through its use, so as soon as I discovered the nature of my trouble I began taking it. I got along splendidly from the very first and my recovery was steady. When I first began the use of S.S.S. my face was so full of sores and eruptions that I could not shave. Other parts of my body were similarly affected, but there is now not a blotch, pimple or any other sign of the disease. I was cured by S.S.S. and I know I am cured to stay cured as this was several years ago. There is nothing that equals S.S.S. for Contagious Blood Poison and I always recommend it in such cases.

WALTER WEBER.
No. 430 1/2 Fourth St., Evansville, Ind.

The acknowledged virtue of S.S.S. as a blood remedy induced Mr. Weber to commence its use when he found he had contracted Contagious Blood Poison. The good results he obtained is just another demonstration of its value as a cure for this disease.

Contagious Blood Poison is the most powerful and destructive of all blood disorders. Its virus permeates the entire circulation and this explains why any one afflicted with this malady usually finds its symptoms manifested in every portion of the body. From head to foot the insidious poison breaks forth. The hair and eyebrows come out, the mouth and throat ulcerate, skin eruptions and sores and ulcers break out on the body, the bones ache, glands in the groin swell, and frequently the nails on hands and feet are affected.

The only possible way to cure Contagious Blood Poison is to remove the cause by purifying the blood. This is just what S.S.S. does; and it is the only medicine that absolutely and thoroughly cleanses the circulation of every particle of the germs and virus of the disease. Mercury, Potash, etc., are often used by despairing sufferers in the hope that such strong treatment will kill the poison. But this cannot be done; the disease may be checked temporarily and the symptoms improved, but the old poison is slumbering in the blood, and when the treatment is left off the disease always returns.

The ability of S.S.S. to cure Contagious Blood Poison comes from its blood purifying properties. It goes into the circulation and removes every trace of the poison, makes the blood pure and healthy, and leaves no dregs of the virus to break out later on. S.S.S. is made entirely of roots, herbs and barks, each of which has a direct and specific effect in purifying the blood. S.S.S. does not contain a particle of mineral in any form to upset the stomach, affect the bowels, or inflame any of the delicate membranes of the body. It is Nature's blood purifier, potent and healthful, and so valuable are its tonic effects that when S.S.S. has rid the circulation of the Contagious Blood Poison the entire system is left in fine physical condition.

LAFOLLETTE GOES AFTER ATTORNEY GENERAL

Wisconsin Senator Assails Railroad Consolidation and Mr. Wickersham.

Washington, D. C., April 12.—The merger of the Boston & Maine railroad with the N. Y., N. H. & H. railroad through the Massachusetts holding law, was discussed at length in the senate yesterday.

Senator La Follette consumed the larger part of the day's session. Brief response by senators Lodge and Gallinger were made at the close of the Wisconsin man's speech. Both the New England men defended the merger and upheld the law under which it was made.

Mr. La Follette presented this transaction in great detail for the purpose, he said, of illustrating the possible effect of the enactment in law of the merger provision in the pending railroad bill. He traced the consolidation through the Massachusetts holding law, which the Wisconsin man's speech, both the New England men defended the merger and upheld the law under which it was made.

Charges Railroad President.

It was practically charged by the senator that this enactment had been consummated at the dictation of president Mellon of the N. Y., N. H. & H. railroad, who, he intimated, represented the Morgan-Rockefeller interests. He undertook to show that the merger suit, which had been instituted during the Roosevelt regime, had been dismissed at the dictation of attorney general Wickersham under the Taft administration, for the inadequate reason that the Massachusetts legislature had passed the holding bill under which the consolidation was effected.

The argument covered a wide range of accusation, but aside from the speaker's desire to hold aloft the merger as a bad example, the evident purpose was to contrast the Taft administration with the Roosevelt regime to the disadvantage of the former.

Arising to his feet, he exclaimed: "Mr. President, is this the wise legislation embodying no sudden impulse but matured views expressed in party council, which the attorney general in his recent speech at Chicago said 'is pressed for enactment'?"

Senator La Follette took up the Massachusetts state legislation authorizing the acquisition of the Boston & Maine stock by the holding company, but failed to find in this legislation anything like the importance attached by Wickersham. He asserted that Mr. Wickersham had permitted state legislation to supersede federal legislation in a matter in which interstate commerce was largely concerned.

People Taken Off Guard.

He declared the people of Massachusetts had been taken off their guard by the authorization of the holding company and approvingly quoted the chairman of the Massachusetts house committee on railroads when he stated that governor Draper had been compelled to accept Mr. Mellon's ultimatum.

Quickly following this announcement came the passage of the holding bill by the Massachusetts legislature. Mr. La Follette declared that it had been "steam rolled" through that body. It was passed on June 18 and on the 26th the federal merger suit was discontinued.

"Think of it," shouted Mr. La Follette. "This great case involving the transportation of New England and all the people of the country engaged in trade with New England, and successful prosecution on the part of the government, reached a stage where the defendants are compelled to take the stand and make their showing and then like

a thunderbolt from a clear sky comes the order from Washington. Dismiss the government's case."

Quoting the attorney general's assignment as a reason for this action, the Wisconsin senator declared it to be totally inadequate.

"It is difficult," he said, "for any man to furnish very good reasons for doing a very bad thing."

Mr. La Follette asserted that at the behest of the New Haven company the Massachusetts legislature had undertaken to repeal a federal law and license an act which congress had declared to be a crime against the people.

Official Approval Given.

"And," he said, "the attorney general, the highest law officer of the federal government, sworn to preserve, protect and defend the constitution and enforce the laws of congress, gives his official approval of this legislative compact between the New Haven company and the Massachusetts legislature to nullify the law of congress and declares that it expressly authorizes what congress has expressly forbidden."

Law Juggler's Pawn.

"If the federal law is to be repealed by state legislature—if the department of justice at Washington will hold conferences with and lend countenance of the agents of law breaking corporations, while they are engaged in lobbying through state legislatures a pretended sanction of their violation of the criminal statutes of the federal government and then by official edict make such state statutes a shield against federal law, which the criminal corporations may go unwhipped of justice—if the door of the federal court may thus be closed in the face of a wronged and outraged public by the attorney general of the United States, when will the law become a black art and justice a mere juggler's pawn."

"Instead of dismissing the government suit for the insufficient reasons assigned, the law officers of the federal government under the new administration, if prompted by a high purpose to serve the public, would have sought every legitimate means to strengthen and make inviolable the government's case for the final trial."

Only Beginning.

Declaring that the New Haven road had already begun to increase rates, Mr. La Follette drew the conclusion that this proceeding was but the beginning of a series of similar moves.

"When the complications that prevent an increase of through rates at the present time are disposed of, it will be when the bill becomes a law if it does not, then we shall get an example of the through rates which will quicken the interest of the entire country in the conduct of this creature of state and national favor. Already Massachusetts is made to know her real master."

SPANIARD IS WOUNDED DURING ROW AT BISBEE

Funeral of James Rogers, who Had Worked in Queen Mine, 21 Years, the Largest in Bisbee's History.

Bisbee, Ariz., April 12.—An international row occurred in Johnson addition last night when John Sidu, a Spaniard, was shot and he is now in a serious condition at the Calumet and Arizona hospital.

The funeral of James Rogers, the miner who was accidentally killed after 21 years of service in the mines of the Copper Queen, was the largest ever seen in Bisbee. Two hundred miners marched in a body in front of the hearse, followed by many business men and prominent citizens of Bisbee. The sermon was preached by Rev. E. D. Faley of the Methodist church.

William Brown, of Bisbee, was married in Douglas to Miss Mattie Richard, formerly from Strasburg, Ill.

Mrs. Carrie B. Taylor, 2415 Texas street, El Paso, Texas, says: "In February, 1907, I gave a public statement telling how greatly Doan's Kidney Pills have relieved me of rheumatism. I can add at the present time that I have never suffered as severely from this trouble since. I have, however, had slight attacks, but these have been quickly disposed of by the use of Doan's Kidney Pills. For some time I was laid up with sciatica rheumatism, the pains always being more severe in the small of my back. Doan's Kidney Pills were finally brought to my attention and procuring a box at Kelly & Pollard's drug store, I began their use. They cured me, and for that reason I highly recommend them."

They Injure Children Ordinary Cathartics and Pills and Harsh Physic Cause Distressing Complaints.

You cannot be over-careful in the selection of medicine for children. Only the very gentlest bowel medicines should ever be given, except in emergency cases. Ordinary pills, cathartics and purgatives are apt to do more harm than good. They cause griping, nausea and other distressing after-effects that are frequently health-destroying and a life-lasting annoyance.

We personally recommend and guarantee Rexall Orderlies as the safest and most dependable remedy for constipation and associate bowel disorders. We have such absolute faith in the virtues of this remedy that we sell it on our guarantee of money back in every instance where it fails to give entire satisfaction, and we urge all in need of such medicine to try it at our risk.

Rexall Orderlies contain an entirely new ingredient which is odorless, tasteless and colorless. As an active agent, it embraces the valuable qualities of the best known intestinal regulator tonics.

Rexall Orderlies are eaten like candy. They are particularly prompt and agreeable in action, may be taken at any time, day or night; do not cause diarrhoea, nausea, griping, excessive looseness or other undesirable effects. They have a very natural action upon the glands and organs with which they come in contact, act as a positive and regulative tonic upon the relaxed muscular coat of the bowel and its dry mucous lining, remove irritation, overcome weakness, tone and strengthen the nerves and muscles, and restore the bowels and associate organs to more vigorous and healthy activity.

Orderlies completely relieve constipation, except when of a surgical character. They also tend to overcome the necessity of constantly taking laxatives to keep the bowels in normal condition.

There is really no medicine for this purpose so good as Rexall Orderlies, especially for children, aged and delicate persons. They are prepared in tablet form, in two sizes of packages: 12 tablets 10 cents, and 36 tablets 25 cents. Remember you can obtain Rexall Orderlies in El Paso only at our store—The Rexall Store, The People's Drug Store, Kelly & Pollard.

DEFI OF CANNON TO BE TAKEN UP

Insurgents May Join Democrats and Unseat Speaker in Short Time.

Washington, D. C., April 12.—Speaker Cannon's deft to the Republican insurgents of the house in his speech on the floor Monday when he abruptly told them that unless they "had the courage" to combine with the Democrats and vote to vacate the chair, he would remain speaker until March 4, 1911, has brought expressions from the insurgent leaders in no uncertain tones.

"The speaker can continue to make these irritating defts," said representative Murdock, of Kansas, "until after the administration legislation is disposed of. He knows he is perfectly safe just now. But after we have passed the important legislation on hand, his case will be attended to. A man can't continue to make large bluffs without being called."

Representative Poindexter, of Washington, another insurgent who, with 291, Murdock, voted some weeks ago in favor of the Burleson resolution to depose Cannon, was equally caustic.

"Cannon's action is foolish," he said. "He is sitting on a powder mill and it seems to me a great reckless performance for him to keep on striking matches all around the place. He will touch this thing off some day and he will find himself going up through the dome of the capitol."

The speaker cannot eliminate the issue of Cannonism by constantly parading it in the house. The issue is not an incidental or personal one, but is vital, and there can be no harmony until it is finally disposed of and disposed of in the right way. Cannon's speech was not a particularly fine effort at harmonizing the party."

A new play by a new author named Thompson Buchanan called "A Woman's Way" is Grace George's starring vehicle this season. The locale is New York City and the theme marriage and its after troubles, time the present.

It is said to be remarkably well written, teeming with bright lines and clever situations. It provides an excellent part for Grace George and she has scored a most decided personal success everywhere. She has many opportunities in it to display her splendid talent as a comedienne, and in the one or two touches of seriousness that she is given, she scores heavily. The star is said to be ably assisted.

FEATURE FILM AT WIGWAM.

The Wigwam will offer a splendid feature film of "The Wizard of Oz" tonight. It was made by the Selig company and is said to be a splendid production. Winslow says: "Every child should see it. A good comedy and an interesting drama complete the bill. He says."

If a man is in a burning building with no fire escape and the stair below is burning or the hall filled with smoke, he should shut the door and transmit to keep out the gases. Then he should throw open the window to get cool air and to let the firemen and neighbors see where he is so that they may reach a ladder to the window.

DRUGS FOR POOR ARE EXPENSIVE

County Commissioners Kick. City Also Has a Kick Coming.

During the month of March, the county expended \$48.55 for drugs for paupers of El Paso county, but the city spent \$474.15 for the same purpose.

The county bill presented to the commissioners Tuesday caused considerable comment. Dr. Hugh White, county health officer, explained that there had been an epidemic of whooping cough and measles and this caused the high expenditure.

Dr. A. H. Butler, assistant city health officer, said this morning: "No doubt the county's bill was high during March, but that of the city was much higher, as I myself treated many county cases. The reason for the expense is that in many instances, while we do not give medicine for measles and whooping cough, these diseases are followed by bronchial pneumonia and nine of 12 deaths which occurred last week were caused by this disease."

Miss Grace Franklin, of the El Paso Health League, said: "In the east it is customary to charge patients 10 cents for cards to the clinics and 10 cents for medicines except in cases where they can show absolutely that they are unable to pay for it; then they get it free; however, they generally manage to secure this much money and hence the expense is cut down considerably."

R. B. Meadows, in discussing the dispensing of drugs to some of the more ignorant Mexicans who seek drugs whether in need of them or not, said: "In the Philippines, when I was a scout, the natives, both men and women, were so ignorant that if they could get a chew of tobacco from us it would cure chills and fever."

Detectors Stansel and Mehls both testified relative to the order of gasoline discernible about the premises prior to the fire last Monday and the condition in which they found the flat after the fire.

Helen Kirby, who lived at the flat testified that she had seen Stansel passing the house before they went to supper and she suggested that he be called to investigate, but Mrs. Casey told her to shut her mouth. She also
